

GLOBAL EDUCATION NETWORK SOCIETY'S

Synopsis of Mr. Shrikant Desai's Guest Lecture

5th Feb-2014

Mr. Shrikant Desai, Crisis Management expert addressed the students of Semester II at GBS. Mr. Desai shared his experiences of his career spanning 24 years in the field of Petroleum and Oil rigging. Stressing that the youth have to be alert and carry a passion for work Mr. Desai's exciting and sometimes unbelievable experiences enthralled the students. His wide knowledge of International affairs particularly related to crude oil rigging that has political and military ramifications, depicted that those who work in the field have to take risks to be successful. He expressed disbelief over some Human Rights violations in the Palestine/ Israel border and parts of Africa.

Another area that Mr. Desai stressed on is patriotism for one's country and a respect for culture. Mutual respect for religion and broadmindedness was what he reiterated in his talk. Some memorable incidents of his life included meeting heads of state from OPEC countries including the likes of Col. Gaddafi of Libya. Narrating his tales with dramatic precision the students interacted with the very amicable speaker with child like curiosity wanting to know more of his work and encounters.

After a successful career in the field Mr. Desai has returned to Belgaum, his hometown and is mobilizing the students and youth to be active sportsmen. He also is an entrepreneur now. He is a freelance consultant to some companies and governments across the globe.
